

# [sm015] electoy "brummbär"

After a long time of absence electoy is back with his new ep "brummbär".

(engl. = growler , grumbler)

It takes you on a 2-track-journey from deep basses over warm beats to flowing grooves driven by catchy melodies ... electoy tried to keep the warmth of summer in two tracks to lead us through the cold season...

So listen and remember your summer!
